# Pathfinder kingmaker dwarven ruins puzzle

Pathfinder kingmaker how to save all companions.

Tagliati Giù, then notice a gate to the east. He enters to take a fire ball and some coins. This alliance was forged by the conferment of the fire immunity from Tartuk (which wrongly fought Jason's fights with the trolls. Trobold is driven by two kings, the King Troll, Hargulka, and King Kobold, Tartuk. The heart of value is a Mithral Breastplate +2 that gives its wearer a moral bonus +4 on the savings against the effects of fear, making it a marvelous armor suit for a Cleric or Jaethel. In any case, Jablost will choose to stay around until you wrote your article (perhaps a dangerous decision, given the content of the article) and in the meantime you will continue to travel with you. On top of the Tower near the Troll throwing boulders (the most eastern part of the castle) you will find a chest and a chest, the last of which is locked [Trickery 20]. If you choose the dialog option 'I want to see you' you will be able to mark a hide suit +3 from him, that good, if you really compete with the +2 breast plate you found before, but 'I want to see you' is certainly better than 'I want to see you' eracoig esoc el eredev iouv es am, Jarpos Araf ol, erapuccoerp it non [ul id aznes oyadnuokE rep attednev al erarucissa iouP .enoizasrevnoc atseuq niââ eidisni etlom onos ic non etneamlausivverpruS .otelpmoc etnematelpmoc etnematelpmoc 'A non lort led otser led enoizzalivvic id osseocp li etnemeterappa emoc .etnemroirethu erarolpse id Aretreva it nosaj ,otnup otseuq erazzitafne reP .ebberas atsnogatorp out li emoc eriga id orebil litnes idniuc ,eropas li olos 'Aip ol rep 'A am ,etsopsir javitagen enoisivt [Jelagel Atigavlami] o javitison enoisivt [Jartuen] ,Jataredom enoisivt [anoub acitoac] al odneigoccar artitircs aus al arazneulni iouP .esoc el onoglovs is emoc .Arenimreted etnemilaborp attol alled oizini [la onnarednerp it .omnaravias it ,ireitreg eud eracilsam id .Aticapac al ah dnuohllort ednarg 'Aip li @AncioP .etrof led onreise] ogul erroc ehc oreitnes li odneuges ,isevo a erang idniuc ,Jerevadac ous li (nosaj noc idm led enoizirapes al opod drom eumtuoCpX 003 tsolibu] noc ehcan emvor el eravort rep :draweNiw .sdnuoHllort id oiap nu e lort nu :dloborT apucco ehc eiceps ortia elled tnatneserppar i eravort a onif olletsac led elatmedicco odrob la onotta drom eumtuoC.drom essairg oreitnes li ehc amirp dlobok id oppurg odnoces nu eridaps ad ognul a aznatsabba otos odnamref ,isevo da eraunitec e irediccu .dnuohllort eud e lort eud noc odnetrap ,elitroc led itrof 'Aip icimen i erettabmo a ivortir it .elacs etseuq rep 'Aig iav eS .dloborT' -â eA ni itattecca onos e "onavorT" -â eA forT id anoz allen otartnoci iah ehc dlobok i iuc ni anes anu a eretsissa itservod ,itresni isac i ibmartne ni .enoisnecr anoub anu ainorab aut al inelT eâ ... The death of your enemies allows you to plunder your enemies in peace. Before entering the Keep, we eliminate all enemies outside. While he argues that Trobold A's goal 'peaceful relations with the Borba (civilized humanoid - yourself included), Tartuk's earlier antics to the Skunk Ford River and the area's ramp trolls tell a different story. When you approach the wall in front of the gate, the happy rock troll at the top of the lace will grill you, warn the reinforcements, before throwing a low-falling boulder. Otherwise, hitting enemies and hopefully holding the biggest troscound' behind a minor trollhound could give your warriors time to recover. The rewards are worth it, however, as the major trollhound can be looted for a +3 natural armor amulet.
